SAINT LOUIS  
UNIVERSITY

— EST. 1818 —

---

12/18/2019

Season's Greetings!

On behalf of the MLS faculty and students, I am happy to announce that the Saint Louis University MLS Seniors successfully completed their clinical rotations on Friday 12/13/2019! We experienced quite a bit of change this year with the implementation of Evalue. I want to thank you for your patience as we navigated the new scheduling system, time tracking function, and "online" course evaluation forms. Of course, it was not a seamless transition. Many usernames and passwords had to be reset, the evaluation forms contained numerous errors (which is why we went back to the hard copy versions), and the time tracking function proved to be a difficult concept for some of my students to grasp. But we made it! Hopefully all will go smoother next year.

I also want to thank each of you for taking the time to meet with me in person to discuss the proposed changes to the MLS curriculum. Your feedback and input were instrumental in deciding which option to move forward for approval. I am happy to say that option #2 was approved by the University and will go into effect Fall 2020. Don't worry though! The students following the new curriculum will not go to clinic until Spring of 2024 so breathe a sigh of relief. You can continue to expect our students in the summer and fall until then.

Since we all met individually this fall, there was no Advisory Board meeting. I will be planning one for the spring semester and will be sending out a Doodle poll to see which days and times work best for everyone. I am open to moving the Monday late afternoon meeting time to a day and time that works best for the majority.

We want to thank you all for the hard work and dedication you show to our students year after year. We are extremely grateful for every one of you and I personally hope you are looking forward to teaching the next cohort of MLS students this summer/fall.

We appreciate you and all the sacrifices you make on behalf of our students.

Warmest Regards,

Amanda, the MLS Faculty, & MLS Seniors
